

# Dear Customers!

We kindly invite you to look through our offer of nursery stock produced in the Ornamental Plants Nursery ŻABIENIEC.

Our offer is directed mainly at wholesale customers: store owners, horticultural centres, nurseries, landscape designers and gardening service companies.

The nursery is located conveniently, 25 kilometres from Warsaw city centre, next to the road no. 79, 20 minutes by car from the international Warsaw Chopin Airport.

Established over 35 years ago, the nursery produces a wide variety of conifers and shrubs to be grown in gardens, frontyards, recreational and urban areas, allotments, etc.

Plants in containers cover over 26 hectares. Sizes of the plants vary from 15 cm (P-9 containers) up to 250-300 cm (C-60 containers). The nursery offers a wide range of new, interesting sorts of trees, shrubs, grasses, a large assortment of protected plants and grafted conifer forms.

For many years, we have been working with international customers from European and Asian countries.

Every year we attend national and international exhibitions like "Green is Life" in Warsaw, "Flowers" in Moscow, IPM in Essen. At the "Green is life" and "Gardenia" exhibition competitions, the nursery was awarded gold and silver medals and received many distinctions. The nursery owners are the winners of the "Ornamental Plants Nurseries" category in the "Outstanding Gardener" competition.

The plants in our sales department, displayed over 1 ha, are available immediately.

Our customers can also pre-order the plants and collect them from the nursery on an agreed-upon pick-up date.

Our sales department employees meet short deadlines of confirming orders, offer professional service to our customers and give professional advice on:

- planting and care,
- protection against diseases and pests,
- protecting plants in winter.

Plant size in our price list is the size the plant reaches in early spring. Since we prepare our offer for the whole vegetative season, there might be some changes in price resulting from changes in plant size.

**We are open from early spring to late autumn, except national and church holidays :**

**March**

Monday to Friday 8.00 - 17.00

Saturday 8.00 - 16.00

**April, May, June, July, August, September**
